Questions of interested parties and clarifications

4th December 2020

Question 1:

In the Annex 6 – List of significant contracts or services provided you ask tenderers to fulfill the information on contract value and contracting parties for major shipments in order to prove technical and professional capacity. Due to privacy norms, we cannot show the contract values. Is it acceptable to omit the values?

Answer 1:

In accordance with applicable legislature in Republic of Croatia and procurement procedures defined in the Rulebook on the implementation of the procurement procedures for non-obligatories of the Public Procurement Law, the contracting authority can define conditions for determining technical and professional capacity in a way it is asked for in this tender documentation.

In order for the tender to be considered complete, all of the defined annexes have to be wholly fulfilled, including the contract values in Annex 6.

Question 2:

Is the money deposit for the tender guarantee going to be returned in the same currency as it will have been paid in?

Answer 2:

The money deposit will be returned in the same currency.

The currency exchange rate to be used to convert HRK into EUR is the central exchange rate of Croatian National Bank valid on the day on which the invitation to tender has been published (6th November 2020).

The exchange rate is available at the following link: <https://www.hnb.hr/en/core-functions/monetary-policy/exchange-rate-list/exchange-rate-list>.
